Product Description/Introduction

Portable VTLB-STD 8W bluetooth solar lights can help fully light up outdoor darkness or your work place after dark, with Bluetooth Speaker, a pleasant accompaniment for indoor or outdoor activities.

Product Key Features/Selling Points

-With Bluetooth speakers allow you to enjoy music while camping outdoors. Pair quickly and easily to phone/laptop/USB drive without the hassle of wires, apps. A pleasant accompaniment for indoor or outdoor activities.

-Four workplace lighting modes: strong light, medium light, low light and flash warning/SOS emergency state, and has a four-bar power display, easy to check the remaining battery and ensure charging on time.

-Two charging modes: solar photovoltaic charging and USB charging. It can be recharged by both solar energy and USB cable, and can be used as a PowerBank to recharge your electronic devices such as cell phones, tablets and countless devices with micro USB input. Energy saving and environment friendly.

-Foldable bracket: The work light is equipped with a 180-degree foldable iron tube forming bracket and a plastic tube sleeve. The iron tube forming bracket has a powerful magnetic adsorption function, which can be adjusted, carried and placed according to various angles, saving space.

-Lighting time: 8-36H, Charging time: 10-12H
