Long-lasting battery life for extended peace-of-mind.

Equipped with a 7,800 mAh rechargeable battery, the BC1C can last for up to 210 days* on one full battery charge, ensuring stable performance all day and night. It can also be connected to EZVIZ Solar Panel to get powered directly.

*Data comes from strict tests in the EZVIZlab, under standard conditions.

*Please note that the solar panel is sold separately.

Vivid night vision.

Thanks to two built-in spotlights, the BC1C can render vivid color imaging even in pitch-black darkness. This allows you to see crucial details that would otherwise be lost.

Motion alerts are more accurate than ever.

Integrating a PIR sensor and the person-shape detection algorithm, the BC1C camera is intelligent enough to distinguish persons from other moving objects, keeping you safe while also reducing unwanted notifications.

A vigilant guard over your property.

Users can set specific time frames for detection. Once the camera detects a person-shape, the BC1C will automatically set off a siren and flash two spotlights* to let them know they have been detected.

*The spotlights will not flash when color night vision mode is enabled.

Fast and easy wire-free setup.

Featuring a large battery, Wi-Fi connectivity, and a magnetic base, the BC1C camera requires exactly zero professional help in installation. Simply attach the camera to any metallic surface and it is good to go!

*Screw Base is also included as an additional installation option for you to screw the camera firmly onto the wall.

Built to last.

The BC1C camera features an IP66 enclosure, offering high levels of protection against dust and water and delivering long-lasting protection in even the toughest weather conditions.

BC1C helps you save money on storage and bandwidth.

The BC1C camera features the advanced H.265 video compression technology, achieving better video quality with only half the bandwidth and half the storage space required by the previous H.264 video compression standard.

Storage

Bandwidth

An affordable product with free, built-in storage capacity.

The BC1C is embedded with 32 GB eMMC storage capacity, which means you no longer need to go through any hassle or spend extra money on expensive storage cards. You can also choose to save your data onto the EZVIZ CloudPlay upon service subscriptions, for additional protection in case of device damage or loss.

*Cloud storage service is only available in certain markets. Please verify the availability before making any purchase.
