

LED Flood Lights

Flood Light

GOPRO®

Features & Benefits

GOPRO®

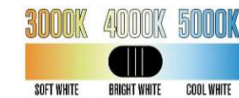

Tempered glass lens
IP65 waterproof

NEMA 6H X 6V
High-reflectance white reflector
Maximizes output
Ideal for most of general application

Die-Cast housing
Good for heat dissipation,
make sure the long lifetime

DIP Switch
CCT&Wattage selectable optional
Good for inventory management

Potent design

Breather valve
No water vapor inside the fixture

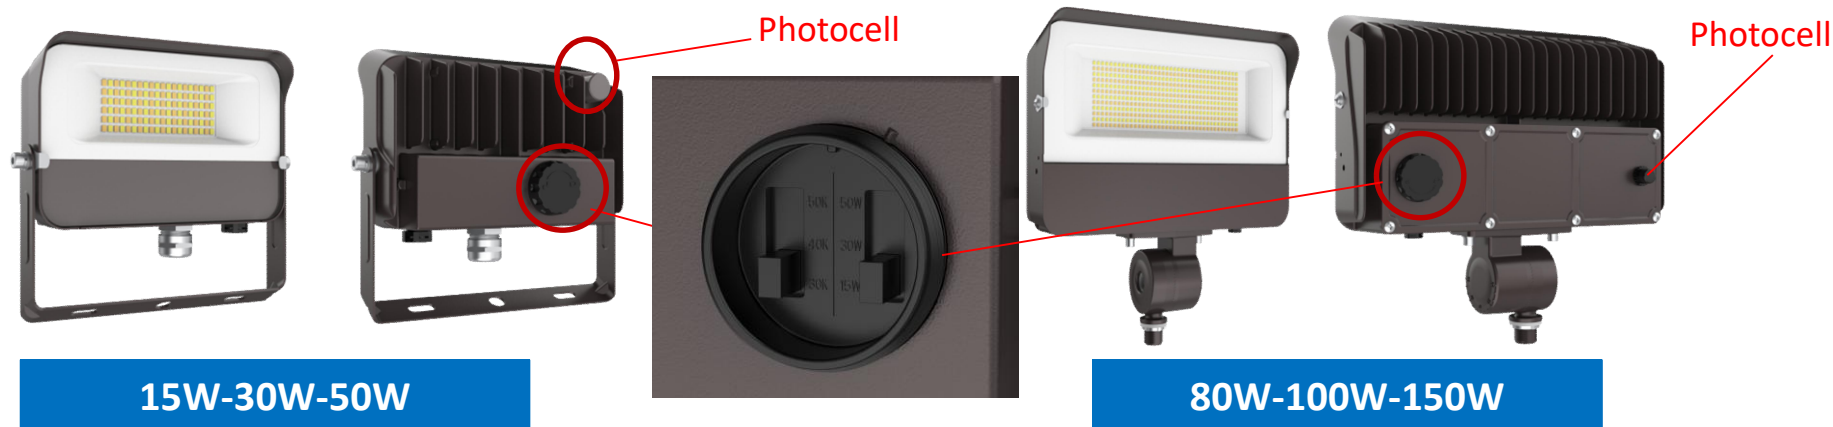

Installation bracket
Yoke/Knuckle/Trunnion/Slip fitter

Photocell sensor
Automatic on/off , well
manage the energy

Flood Light-CCT&Wattage Selectatble

GOPRO®

Powerset	Voltage	FieldCCT	LM	LM/W	PF	Dimmable	THD	Surge Protection	CRI	Lifetime	Certificate
